## PROMOTIONAL SUNDAY— SENIORS

The Senior Department caters to the learning needs of youths from 17 to 20 years of age. For 2006, we have eight classes staffed by 17 teachers, with a current enrolment of 58. All the classes are held in Beulah House.

Lately, we have experimented with co-teaching by matured students — and have been greatly encouraged by their maturity and service. We also saw the cheerful participation of students and staff in missions trips, with recent trips to Batam and Tg Uban. Our unique National Service (NS) ministry allows our full-time NS youths to fellowship among fellow “comrades-in-arms”. For more information, please check out our website: [www.lifebpc.com/othermin/sssnr.htm](http://www.lifebpc.com/othermin/sssnr.htm). We warmly welcome you to a learning and growing experience at the Senior Department!

**For our promotion, we have chosen to highlight the NS ministry. We hope you will be blessed as you read of the testimonies from our NS youths.**

The Sunday School has been a huge blessing for me. It is through all the discussions and brainstorming in the lessons which have allowed me to grow stronger spiritually. Whenever I face setbacks during the course of the week, I am comforted by the Word of God, and by applying what I have learnt in that one hour, my spirits are uplifted. NS has not been an easy transition for me, at times I even feel like throwing in the towel. But thanks to the Lord for He speaks to me through His Holy Word in the weekly classes. I earnestly pray that the Senior Sunday School continues to strengthen not only myself but for the rest who attend it. **-Chen Wei An**

After the rigours of a week of national service, Sunday School (and Church) provides a timely opportunity for warm fellowship with Christian brothers, as well as timely reminders from the Word on what is expected of us and how we should live our lives in accordance with God's will. **-Lim Jin Li**

I first joined Sunday School because it offered me another avenue to know more about God, apart from attending the main service. Through the lessons, sharing, fellowship and prayer requests, I did manage to build a closer relationship with God. However, it was only until recently that I managed to fully appreciate the value of Sunday School. Just a few months back I enlisted into NS, and it was difficult adapting to the life in the army. But through Sunday School, I could share my experiences by fellowshiping with fellow mates who have also just enlisted. God gave me much strength through the prayers and sharing and made adapting to NS life much easier. God has brought much blessing to my life in Sunday School and I would encourage anyone to join right away. **-Derek Low**

God has truly blessed me in the course of my stay in Sunday School, especially during the coverage of the topic "God's Fairness", where I learnt the importance of praising God no matter what circumstances and difficulties we encounter in life that may seem unfair to us, for everything is under His control and work for the greater good to those that love Him. **-Jason Tan**

# SENIOR DEPARTMENT

God has been gracious to use Sunday School to constantly reveal truth to me in different passages which we study. The detailed study of scripture often showed me principles which I'd never thought could be found in those words. Furthermore, it also provides a conducive environment for clarifying misunderstanding of passages. We also regularly discuss the ramifications of certain truths when applied to our lives. This has served to help me see God more clearly and to enjoy, even more, the riches of His word. The Lord has also been providential in giving me good teachers who have been great sources of wisdom and good examples as well. They've served also as mentors who have been more than willing to give us advice on issues we face. **-Jevon Ng**

I have learnt many precious lessons on humility, contentment, obedience to Christ and many other lessons as well as shared good fellowship with people of the same faith. **-Daniel Chiam**

The Lord has blessed and guided me to lead a life that is acceptable in his sight. He has taught me how to place him first in whatever I do and has shown me how godliness and contentment can lead to great gain. **-Bevan Tan**

Sunday School has given me the correct values which I ought to have as a Christian; to be in the world but not of the world. **-Philip Tan**

***This is the NS Class that caters to the young men who are undergoing National Service. The class was set up approximately a decade back in the 1990s when the Sunday School sees the need to encourage these men in our congregation to walk the way of the Lord despite the many struggles that they have to go through when they serve the country.***

***Currently the class of 10 students are studying the aspect of Holiness in the Dormitory Z under the guidance of teachers Mark, Joel, Jeremy & Norman***

***Turn the page to read the testimonies of the teachers in this class***

***Seniors 3B: 11 students try to work on "Understanding God's Fairness" in the Fellowship Room with teachers Chan Yong & Dn Roger***

***Seniors 3G: 7 students try to work on "Coping with Life's Problems" in the EBF Room with teacher Trudy D***

# The Teachers Speaks..

Thank God for Sunday School for the many precious lessons that we have learnt and the sweet fellowship that we have shared together. I have been very blessed by the Lord through this ministry. - **Joel Seow**

Assisting to teach in the NS class has brought about many benefits for which I am thankful. For one it aids me in keeping closer to God and the preparation of the lessons also foster a deeper understanding of God's word. But just as important and pleasant is the bonding with co-teachers as well as students whose age gap is not that big. - **Jeremy Goh**

The NS class is a safe haven for guys who are going through a very trying time of our lives. The fellowship, discussions and lessons we have, are truly a weekly retreat that recharges the spirit before we march into the world again. - **Norman Ng**
